***To attach the flap, lay in on the shoe so it sits on top of the edge of the toe. Using a yarn needle and your long tail, attach it by sewing in and out of the slip stitches around the edge, and catching the corresponding piece of yarn on the toe flap.**

*****To attach the strap, an easy method is to take the four tails at the end of the strap and using your hook, fish them through the bottom of the shoe. Make sure your tails are fished through along the same row, so it sits even. Then, reach inside the shoe and tie the tails together with a knot.**
