**Construction:**

Line your strap in place, even with the stitch above where the body attaches to the sole. Using your ends, sew in place with a smaller hook, size G or F.

Attach the thong piece in around the stitch that is either 2 sts to the right (for left flip-flop) or 2 sts to the left (for right flip-flop.). Leave an inch of slack. The yarn tying it down will go between the toes, not the crochet strap. Tie a small and secure knot at the bottom of the sole. For further sturdiness, place a small dot of hot glue at each end and glue down.
